Diary of a Thai Escort

Stephen Leather

Am I a bad girl? Today I slept with a man for money for the first time. He was an American called David and he was thirty-five years old, exactly ten years older than me. Am I a bad girl? I don't think so. I just want to do what is best for my parents and my son...

Praise

"A naïve Thai sex worker's poignant coming-of-age story, as she comes to grips with Western decadence in London. Tragically heartfelt and filled with wry humour ... immensely readable and highly provocative for all the right reasons."

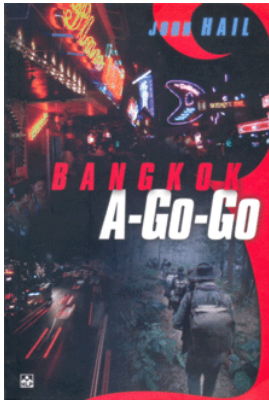

—Gerrie Lim, author of *Invisible Trade* and *In Lust We Trust*

"In this high risk game where gangsters deal out women for money, power and drugs, the escort usually ends up holding a losing hand. Moving and compelling."

—Christopher G. Moore, author of *A Killing Smile*

"*Diary of A Thai Escort* reveals a fascinating and seldom seen world inside a London escort agency. A vividly written, engrossing read."

Christopher G. Moore

Gambling on Magic is set in Bangkok where life is more than good for Joey Balfour, ex-patriot gambling king, former TV personality, and the current owner of the mysterious and exotic Feng Shui Flower Shop in downtown Bangkok. Then ex-chief of security arrives in Bangkok to reopen an old unsolved Las Vegas casino theft. The thief has disappeared in Thailand and the conventional wisdom has it that Balfour holds the key to tracking him down. Caught in a web of deception and betrayal, Balfour discovers that other forces—more sinister and deadly—are slowly entangling him. The stakes are high, the odds are long, and for his greatest gamble, Balfour bets his own life on winning.

Set in the steamy, erotic underworld of Bangkok, *Gambling On Magic* is a thinking person's thriller and a brilliant literary portrait of contemporary life inside Southeast Asia's most famous city. Waiting for the Lady

Christopher G. Moore

Sloan Wolcott, an American expat in Bangkok, a part-time art dealer and smuggler and a full-time rogue, comes into possession of a camera belonging to a Japanese newspaper reporter killed in a suspicious car crash. Inside the camera, he finds several images of the Lady, Aung San Suu Kyi, one of her riding in an automobile with a bullet hole in the rear window and one lone picture of a mysterious, seductive young woman with a singular tattoo.

Praise

“Compelling story lines . . . that come together in a gripping climax.”

—*Newsweek*

“Ambitious and sadly beautiful book.”

—*January Magazine*

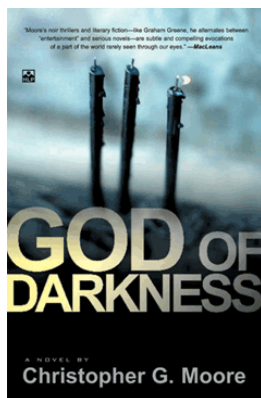

“Amusing and illuminating . . . a narrative whose authenticity is never in doubt, where global historical realities are seamlessly knit together with a strong, unpretentious yarn.”

—*Books in Canada*

“In addition to creating a convincing, entertaining narrator, Sloan, and a story that engages the past and its images on several levels, Moore crafts a tragic Myanmar landscape, mixing in-depth knowledge of the place and its history with a compelling tale populated with characters anyone would be glad to have as travel companions.”

God of Darkness

Christopher G. Moore

Rahu, God of Darkness, has unraveled the safety nets in the City of Angels. Even the rich are in a free-fall state when the Thai economic boom goes bust in 1997. A young American, Hurley Ransom Conover, follows his Thai girlfriend to her homeland and finds himself at the center of her family's turmoil. Hurley trips along the edges of Bangkok days and nights giving the performance of his life as the relationship with his girlfriend falls apart and her father needs him to rescue the family empire.

Praise

"The stories of other writers—locals and expats—maybe likened to sketches or drawings, while those of Christopher G. Moore are paintings or murals."

—*Bangkok Post*

"Moore is a genuine novelist who just happens to employ the conventions of the thriller genre, that his real interests are believable human behavior and way cultures cross-pollinate and sometimes clash. This is real prose, not Raymond Chandler stuff, and his motives are as close to art as they are to entertainment. Read him."

Christopher G. Moore

A freak accident in Manhattan sets in motion an unexpected series of events driven by ambition, passion and, above all, revenge. *Red Sky Falling* is a postmodern family saga narrated by Gideon Harvey, who was born on the day of John F. Kennedy's assassination.

Murder and conspiracy are the Harvey family legacies. Black humor and high camp weave through the story set in downtown New York. The Harvey's are in bed with the Chinese Triads who smuggle illegal immigrants into America and the Mafia controls the unions.

Tokyo Joe

Christopher G. Moore

A powerful, evocative novel of international betrayal, *Tokyo Joe* tells a story of Major Julian Bonner, a retired US soldier, confidante of General MacArthur, zen master, and yakuza boss, who is deported after forty-two years in Japan.

As a young officer in World War II, Julian Bonner has first hand knowledge about the secret activities of the 731-Corps—the hidden story of medical experiments carried out on Allied prisoners of war and Chinese civilians.

Praise

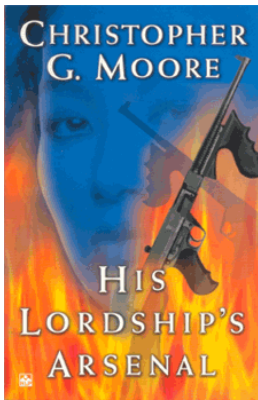

“The best book on the 731-Corps I’ve read.”
—*Bangkok Post*

“Moore has constructed what is becoming increasingly rare: a novel that combines meaningful ideas with deep emotion, a novel in which social, political and personal themes all intermingle . . . and it can only be hoped that the novel will achieve the international recognition it deserves.”
—*The Daily Yomiuri*

“Moore is also a playwright and this shines through in his fiercely dramatic prose reminiscent of Samuel Beckett’s style.”
—*The Nation*

“Insight into the underbellies of Japan and the USA... incredibly intriguing... a book to savour, like a good port after dinner. Most enjoyable.”

His Lordship's Arsenal

Christopher G. Moore

Matthew Burlock is a brilliant, eccentric judge, faced with the facts of a bizarre ritual murder. In the run-down Delrose Hotel, two men are found half-eaten by flames: one tied to a cross, the other tied up on the bed, with African lioness masks laid next to him. The police say it is a homosexual murder, but Burlock disagrees. A strange connection between Burlock's exotic past and the murder is revealed. Somewhere in the family history of the international gun trade, his father's mysterious identity and his radical ex-girlfriend lies the answer to the puzzle.

Praise

"Unique...a probing psychological study of man's search for identity...genuinely fascinating."

—*Bestsellers*

"Moore is without doubt a real writer and one to watch."

—*Publisher's Weekly*

"This is a complex, moody, rewarding novel."

—*Chicago Sun-Times*

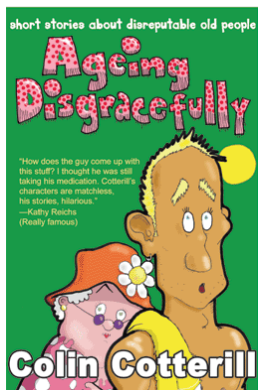

"One at a time Burlock brings out transparent pictures of his life; then, appallingly, he twists them around, changes the order. When he is done we know more of the impermanence of vision and the changeable rules of life...imaginative."

—*Library Journal*

"Moore is a marvellous and inventive writer who is able to combine literary merit with good old genre fiction. This is a unique and beautifully written book."

Ageing Disgracefully

Colin Cotterill

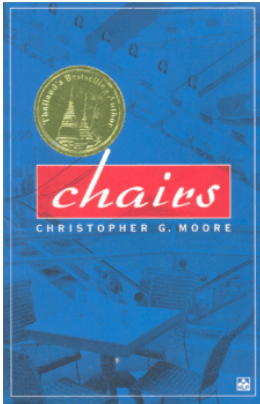

Ageing Disgracefully is a delightful collection of short stories that takes a humorous and life-affirming look at lives of people who, though considerably advanced in years, are still behaving very, very naughtily.

With a keen eye for human foibles and a wicked sense of humor, Colin Cotterill has collected and illustrated—with words and drawings—the colorful lives of disreputable elders found along his life journey, from his old home, England, to his new home, Thailand, with stops in Australia the United States.

In *Ageing Disgracefully* we enter the minds of venerable and not so venerable elderly bank robbers, murderers and serial-killers, as well as mere practical jokers, gamblers and perverts, who may remind us of some people we know or live with, or perhaps a person who stares back at us in the mirror!

Praise

“How does the guy come up with this stuff? I thought he was still taking his medication. Cotterill’s characters are matchless, his stories, hilarious.”

Chairs

Christopher G. Moore

Chairs is a collection of sixteen original stories. Each Saturday morning, over coffee, the members of Chairs gather to share the latest gossip, scandals, myths, dangers, exploits, and loves that bind together their small community. Sam Kohl, narrator of the main stories, reveals, with perfect timing and ingenious twists, the clash of cultures as expats meet Thais, Chinese, Karen, and Burmese. *Chairs* is a search for redemption. Along the journey—from the Oriental Hotel to the jungles of Burma—is a vividly created world populated by adventurers, body snatchers, executioners, dreamers, collectors, diplomats, mistresses, ghosts, and war veterans.

Praise

“An entertaining and insightful book.”

—*The Nation*

“Moore is never very far away from a much older tradition—the one that seems to say, ‘Come inside, stranger, and put your boots up on the fender of the stove and let me tell you a tale.’”

—*Ottawa Citizen*

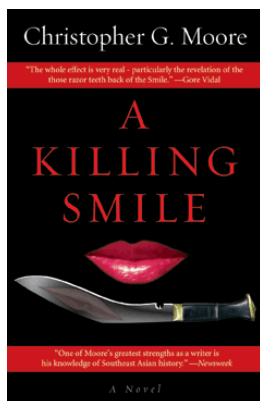

“Chairs is well-written and interesting, and shows a side of a city that most will never see, but will find in these pages a powerful and insightful, even Hemingwayesque, clarity.”

—*Edmonton Journal*

“Chairs is outstanding.”

A Killing Smile

First in the Land of Smiles Trilogy

Christopher G. Moore

A Killing Smile begins the Land of Smiles trilogy. Lawrence Baring, a successful Los Angeles attorney, had lost his wife, Sarah. He discovers after her suicide that Sarah had maintained a long-distance affair with Robert Tuttle. Baring travels to Bangkok for a showdown with Tuttle who has become a long-time resident of the Bangkok underworld.

In this cult classic tale of betrayal and exploitation, Baring and Tuttle circle each other inside Thai culture where language and way of life deliver multidimensional surprises. In his quest for revenge, Baring learns true meaning of friendship and the secrets behind the smile.

Praise

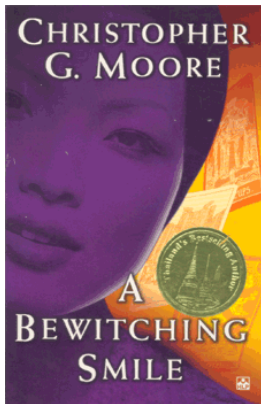

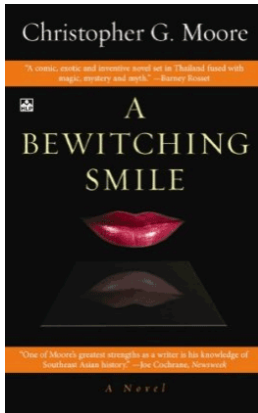

“The whole effect is very real— particularly the revelation of those razor teeth back of the Smile.”
—*Gore Vidal*

“Moore is a master of detail . . . a pioneer, daring and inventive.”
—*The Nation*

“In *A Killing Smile* Moore succeeds in translating for a Western audience the inside of how Thais think. Above all he describes with an objective, non-judgemental eye the raw pathos, the light and shadow of the world that never surfaces in the glossy tourist catalogues.”
—*Thriller Magazine (Italy)*

The portrait of Tuttle as an expatriate shipwrecked in an alien tropic brings to mind Theroux’s Jack Flowers.”

A Bewitching Smile

Second in the Land of Smiles Trilogy

Christopher G. Moore

A Bewitching Smile, second in the Land of Smiles Trilogy, is reminiscent of *A Passage to India* in the creation of a kind of psychological DMZ, another Shangri-la with its own epiphanies and perils. The toughsensitive characterization, and the sharp, often aphoristic dialogue, and the irony, combine to create a powerful drama.

In this sequel to *A Killing Smile*, Richard Breach who is a magician, mystic and world-class card player teaches English in Bangkok. Crosby, his former student, has found an assignment for Breach's talents: a rescue mission. Snow is held hostage in a hill tribe village in the North of Thai-land. Snow's plan to become Lahu godman has failed and his life is at risk. Breach has a reason of his own—a dying friend in English has requested a set of ritual shaman's.

Praise

"Moore's novels are breaking new ground in fictional writing about Thailand. . . . He writes with gentle humor and a sensitive understanding of what it is to be lost."

A Haunting Smile

Third in the Land of Smiles Trilogy

Christopher G. Moore

A Haunting Smile, the final novel in the Land of Smiles Trilogy, is a sharply observed picture interweaving documentary film technique and montage to convey the psychological horror, personal anguish and despair of the Black May of 1992 when students, workers, along with mobile phone carrying yuppies were massacred by the military on the streets of Bangkok.

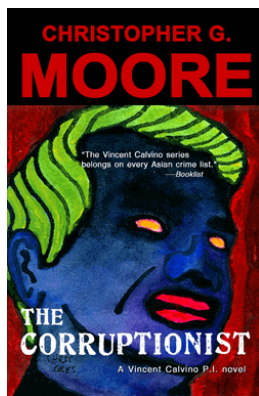

Robert Tuttle and George Snow, running at break neck speed down the back alleys, hope to find a safe passage out of the nightmare of killing. The ghosts from old battlefields wander the waterholes of Patpong mingling among the drifters, demimonde arms dealers and journalists. Together they enter a matrix where massacres are a way of life, and the survivors bringing back tales of midnight secret executions.

Praise

“Courageous . . . someone to watch.”
—*Peter Carey*

“A Haunting Smile is disturbing. Moore jars the senses with discordant juxtapositions of his now familiar HQ, an all-night coffee shop where stereotypical ‘hardcore’ (read ‘cured of romance’) farang hang out, indulging in a never-ending cycle of alcohol and sex, with the shattering events of Rachadamnoen Avenue, and what! Virtual reality?”

The Corruptionist

Eleventh in the Vincent Calvino P.I. series

Christopher G. Moore

Set during the recent turbulent times in Thailand, the 11th novel in the Calvino series centers around the street demonstrations and occupation of Government House in Bangkok.

Hired by an American businessman, Calvino finds himself caught in the middle of a family conflict over a Chinese corporate takeover. This is no ordinary deal. Calvino and his client are up against powerful forces set to seize much more than a family business. As the bodies accumulate while he navigates Thailand's business-political landmines, Calvino becomes increasingly entangled in a secret deal made by men who will stop at nothing—and no one—standing in their way. But Calvino refuses to step aside.

The *Corruptionist* captures with precision the undercurrents enveloping Bangkok, revealing multiple layers of betrayal and deception.

Praise

"Politics . . . has a role in the series, more so now than earlier. What with corruption during elections and coups afterwards, the denizens watch with bemusement the unlikelihood of those in office serving their terms. Moore captures this in his books. Thought-provoking columnists don't do it better. . . . Moore is putting Thailand on the map."

—*Bangkok Post*

"An achievement . . . interpreting modern, fast changing Thailand with its violent political power struggles. . . . [T]he levels and depths of observation and insight reach an epic nature in [*The Corruptionist*]. . . . The new characters are stunning. . . . The ending is superb."

Paying Back Jack

Tenth in the Vincent Calvino P.I. series

Christopher G. Moore

In the 10th Vincent Calvino novel, Calvino follows the mistress of an aspiring politician. Calvino's assignment takes him deep into the lives of those working inside secret prisons and private contractors.

When Jack is paid back a body is left behind.

This time the pay back is in Bangkok.

Praise

"Moore's depiction of Thai life is gritty, colorful and thoughtful. He ranges from the sex trade to politics to the careful and lavish preparations for an upper-class wedding, while never losing track of his fast-paced, hard-boiled story."

—*Portsmouth Herald*

"The plots are complex, as are the characters, and Moore is a writer who insists on his reader. Inevitably, the most impressive character of all is Bangkok itself, which the author brings wonderfully to life."

—*Morning Star (UK)*

"Crisp, atmospheric. . . . Calvino's cynical humour oils the wheels nicely, while the cubist plotting keeps us guessing."

—*Guardian*

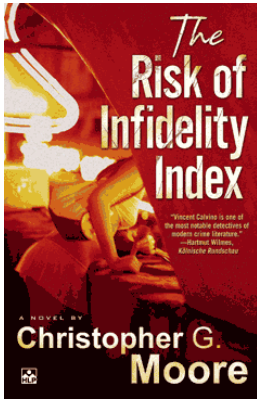

"Moore clearly has no fear that his gloriously corrupt Bangkok will ever run dry."

Christopher G. Moore

In the early 1990s, at the end of the devastating civil war UN peacekeeping forces try to keep the lid on the violence. Gunfire can still be heard nightly in Phnom Penh, where Vietnamese prostitutes try to hook UN peacekeepers from the balcony of the Lido Bar.

Calvino traces leads on a missing farang from Bangkok to war-torn Cambodia, through the Russian market, hospitals, nightclubs, news briefings, and UNTAC Headquarters. Calvino's buddy, Colonel Pratt, knows something that Calvino does not: the missing man is connected with the jewels stolen from the Saudi royal family. Calvino quickly finds out that he is not the only one looking for the missing *farang*.

Asia Hand

Second in the Vincent Calvino P.I. series

Christopher G. Moore

Bangkok—the Year of the Monkey. Calvino’s Chinese New Year celebration is interrupted by a call to Lumpini Park Lake, where Thai cops have just fished the body of a farang cameraman. CNN is running dramatic footage of several Burmese soldiers on the Thai border executing students.

Calvino follows the trail of the dead man to a feature film crew where he hits the wall of silence. On the other side of that wall, Calvino and Colonel Pratt discover an elite film unit of old Asia hands with connections to influential people in Southeast Asia. They find themselves matched against a set of farangs conditioned for urban survival and willing to go for a knock-out punch.

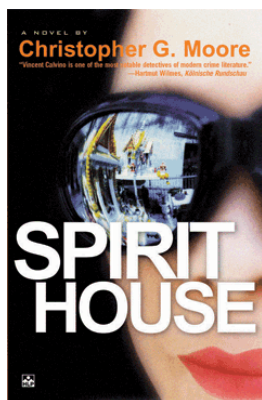

Praise

“Moore’s Vinny Calvino is a worthy successor to Raymond Chandler’s Philip Marlowe and Mickey Spillane’s Mike Hammer.”

Spirit House

First in the Vincent Calvino P.I. series

Christopher G. Moore

The Bangkok police already have a confession by a nineteen-year-old drug addict who has admitted to the murder of a British computer wizard, Ben Hoadly. From the bruises on his face shown at the press conference, it is clear that the young suspect had some help from the police in the making of his confession. The case is wrapped up. Only there are some loose ends that the police and just about everyone else is happy to overlook.

The search for the killer of Ben Hoadley plunges Calvino into the dark side of Bangkok, where professional hit men have orders to stop him. From the world of thinner addicts, dope dealers, fortunetellers, and high-class call girls, Calvino peels away the mystery surrounding the death of the English expatriate schoolboy who had a lot of dubious friends.

Praise

“Well-written, tough and bloody.”
—*Tangled Web* (UK)

“A thinking man’s Philip Marlowe, Calvino is a cynic on the surface but a romantic at heart. Calvino . . . found himself in Bangkok—the end of the world for a whole host of bizarre foreigners unwilling, unable, or uninterested in going home.”
—*The Daily Yomiuri*

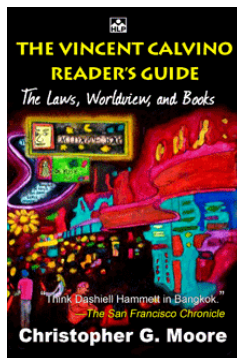

“A worthy example of a serial character, Vinee Calvino is human and convincing. [He] is an incarnate of the composite of the many expatriate characters who have burned the bridge to their pasts.”

In His Majesty's Footsteps: A personal memoir

Vasit Dejkunjorn
Busakorn Suriyasarn (trans.)

In His Majesty's Footsteps: A Personal Memoir is originally written in Thai by former Chief of Royal Court Police, Pol. Gen. Vasit Dejkunjorn. It is the first personal chronicle in the English language detailing the life and work of the world's longest reigning monarch King Bhumibol during the politically turbulent period of the late 1960s and the 1970s.

In His Majesty's Footsteps shows a rare, first-hand insight into how the Thai king faced the challenges of the time—relentless communist insurgencies, frequent military coups and protracted political turmoil. It gives an eyewitness account of the Thai history in the making through the interactions of the three pillars of the Thai nationhood: Nation, Religion and King—showing how King Bhumibol has been the source of strength and stability to his people and has earned his renown as the most revered king in the modern world.

Praise

“Easy to understand yet graceful writing style . . . Vasit's personal memoir is indeed one of the best sources available for people looking to learn why the Thais love their King so much.”

—*Thai Day*

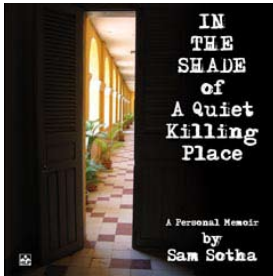

“Dejkunjorn writes in a charming manner (not lost in this translation) . . . We are treated to a tale of an incredibly talented king who kept in constant touch with the changing world around him.”

On April 17, 1975 Sam Sotha and his wife Sony, along with thousands of others, were forced by the Khmer Rouge to leave Phnom Penh. Shot, tortured, starved and enslaved in hard labor was the fate of many Cambodians during the Khmer Rouge years.

In *In The Shade of A Quiet Killing Place*, Sam Sotha tells a moving personal story of love and a couple's struggle for survival during the four years of their captivity by the Khmer Rouge. In the context of intense brutality and human tragedy, Sam Sotha's memoir gives an inspiring portrait of love between husband and wife that refused to yield under such terror. The strength of their love guided the couple through the darkest moments, when it seemed only a miracle could save them from certain death.

The memoir is based on a hand-written diary and drawings recorded while the couple waited for resettlement in the United States in a refugee camp in Thailand. The book contains over fifty unique Khmer-style drawings capturing the time and place, the emotions, danger and turmoil in the couple's experiences during the Pol Pot rule.

Wall Against the Wind: A Thai woman's true story

Jampee Tawylert

Chitraporn Tanratanakul (trans.)

Described as a cross between *Little House* on the Prairie and Luuk Isan, *Wall Against the Wind* is a true story of a young Isan girl learning the hard lessons of life inside a traditional rural family.

Written in novelistic style, Jampee Tawylert—a remarkable Thai female author who had to leave school at age 12—details her own life growing up in a Thai rural village in the 1970s, a time when trucks and concrete roads were rare and people still walked along the oxcart trails between villages and rice fields.

This heartfelt narrative is a window into understanding a Thai mother-daughter relationship and how the young daughter drew strengths from her mother, who was like a wall that shielded her against the natural wind of pain and suffering until she learned how to be brave and strong enough to survive on her own.

The author has a keen eye for details and understanding of ancient customs, cultures, traditions, and superstitions in the way of living from birth to death. The story will not only introduce readers to an intelligent and observant young Thai village girl, but will also bring them back to the beautiful and less complicated past of Thailand that many Thais have forgotten.

Hooked on Thailand

Peter Jaggs

Throw together a mad-keen fisherman and a sexy Thai woman, mix in a score of hilarious angling trips that take the couple from the shores of a secluded, balmy beach to the bustling fishing parks of Bangkok and Chiang Mai, add a dash of local color and customs, and you have the bait for getting *Hooked on Thailand*.

Join the author and his vivacious Thai girlfriend on their off-beat angling adventures as they travel around the country in search of snakehead, giant catfish and carp and fish inland waters as diverse as a barren jungle ditch to a world famous lake teeming with monsters. Take a ride with the irrepressible pair on the Banana Boat to a deserted tropical island where they cast a line for Long tom and barracuda, and accompany them as they hunt for rabbitfish, mackerel and rays in the warm tropical seas around Thailand's stunning coastline.

Peter Jaggs's fifth book provides a fascinating glimpse into the bird and animal life of Thailand, as well as giving the reader many insights into some of the more bizarre folklore tales and extraordinary characters any visiting fisherman will come across during his time in the country. A guaranteed laugh a chapter, together with a philosophical look at the relationship between a visiting angler and a Pattaya bargirl make *Hooked on Thailand* very much more than just a book about fishing.

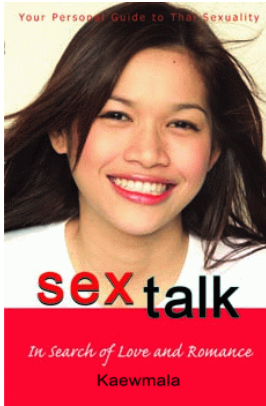

Praise

"By turns, amusing, charming, hilariously original, and peppered with some of the funniest, most memorable expat capers I've read. Peter Jaggs hooked me."

Heart Talk

Say What You Feel in Thai

Christopher G. Moore

Heart Talk is a study of the emotional range of the Thai language through the word 'jai' or heart in English. It provides a comprehensive list of 900 *jai* phrases, neatly organized for different situations.

The book comes with phonetic and pronunciation guides, and a sign language bonus for selected *jai* phrases. Explanation for each *jai* phrase includes illustrative examples.

Heart Talk provides an insight into how Thai speakers express their feelings. It opens the door to the private realm of the Thai language: the linguistic heartscape where ideas take shape, feelings are formed, moods floated, and relationships mended when broken.

Praise

"The third edition of *Heart Talk*, which has been greatly expanded, will give your Thai Skills a triple bypass. Never again will locals chuckle at your I-am-Tarzan Thai."

—*Untamed Travel*

"Moore has . . . voyaged deeply into the heart of his adopted country, and this is nowhere more evident in his one nonfiction book, the appropriately titled *Heart Talk*. A groundbreaking exploration of Thai culture, the volume was inspired by Moore's realization that the notion of heart, in all its forms, is the central metaphor in the Thai language."

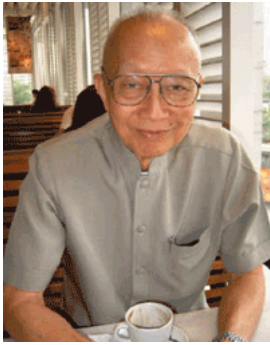

—*Georgia Straight*

"The book should prove an invaluable tool for both Thai speakers and students of that language."
